- SPARKLET ENGINEERS Co. began with the development and manufactures of oil field equipment ranging from wire line to pressure handling Equipment. And have successfully designed and supplied Well Testing Equipment, Early Production Facility (EPF), Oil Collection Station (OCS), Gas Gathering Station Equipment (GGS), Fuel Gas Conditioning Skids (FGCS), Cementing Equipment, Mud Engineering Equipment.
- Headquarters in: UAE, INDIA.
- Certificate: ASME U stamp

OUR OFFER

We are ready to collaborate in build, own, operation projects with a full range of SKID MOUNTED products.

OUR STOCK

- DESALTER UNIT: 10,000 bbl/d Qty: 3 sets
- DESANDER UNIT: Qty:1 PCS
- DESILTER UNIT: Qty:1 PCS
- DEOILER UNIT:1500 bbl/d
- FLAIR STACK: 40 Ft Height
- Knock Out Drum: 2,000 bbl/d
- STEAM GENERATOR & EXCHANGER

PRODUCTS

- 3 Phase separators Units
- Pumping units
- Choke Manifolds Units
- Bath Heaters Units
- Electrostatic Desalter units
- Coalescing Desalter units
- Coalescing Deoiler Units
- Mobile Oil treatment (MOT)
